Memorial Drive Closed for Bridge Reconstruction

Memorial Drive in Bunker Hill Village is now closed to allow for the reconstruction of the bridge across the drainage way (W151) located near the Memorial Forest Club (east of the intersection of Gessner Road and Memorial Drive). This timeframe was selected to accommodate the school schedule for Frostwood and Bunker Hill Elementary Schools. Memorial Drive will be reopened in time for the new school year in August 2016.

Traffic will be detoured via Briar Forest Drive on the south, Barryknoll Lane on the north connected by Gessner Road on the west. (*Click on "detour plan"*)

The Texas Department of Transportation (TxDOT) will be managing this preventative maintenance project - the original bridge was built in 1965. TxDOT is funding the project.

We certainly understand the inconvenience that will come with this project. Though inconvenienced for several months, we hope you understand the need to ensure the safety of our roadway and bridge structures. The end result is a new bridge to last another 50+ years.

Again, we thank you in advance for your patience and understanding of this safety project.

Please drive safely.

~ Karen Glynn, City Administrator
